What our teams have said...

“Within the company we have had a team in the Corporate Challenge at the Swansea Half Marathon for several years. The race is always a **fantastic day** from start to finish with thousands of runners and crowds of spectators lining the route to cheer us on the whole way. It was a real **team effort** and **great to be a part of**, especially as being part of the Corporate Challenge allows us to **fundraise for local charities**.”

Claire Northey, Arvato Bertelsmann

THE CHALLENGE

The Corporate Challenge allows organisations, whatever their size to compete to become the fastest Corporate Team at one or all of our races.

Being part of our Corporate Challenge can bring your employees together, help you stay healthy, and build team spirit as well as enabling you to fundraise for your Charity of the Year. With a range of packages available, there is something suitable for all organisations.

TEAM ENTRY

- Teams can range **between 4-6 people** (more than one team can take part)
- Each team must be **mixed** with a minimum of **one female or male runner**
- Wheelchair entrants may also be included in your team
- Entrants **MUST** meet minimum age requirements (15 years or older for the 10K, 17 for the half marathon and 18 for the full marathon)
- Each runner in your team **MUST** complete the full distance to be included within your results
- The title of the **'Corporate Challenge Champions'** at each race will be awarded to the fastest combined team time

What our teams have said...

It is always a pleasure to take part in the Corporate Challenge at the Swansea Half Marathon and put our best foot forward as a team. We are passionate about encouraging our valued team to stay active, and to strike a healthy work-life balance so this event is something we all thoroughly enjoy. This is a fantastic opportunity to get outdoors and enjoy Swansea's amazing scenery alongside some of the city's leading business people.
